ELDREN RING GAME is a fantasy action RPG produced by Nijigahara Productions, Inc. (Head office: The game takes place in an unknown world called the Lands Between, a place ruled by war and chaos, which is being slowly pulled into the epic drama of the Elden Ring. A vast continent with unknown and gigantic creatures, beautiful scenery, and complicated politics, the Lands Between is expected to be a source of dreams for people who are interested in fantasy. Players will act as class characters whose names have been chosen by the player, and whose appearance is determined by their class, equipment, and race. Players are able to customize the appearance of their character according to their play style, such as increasing their muscle strength to become a strong warrior, or mastering magic. In addition to combat, players must enjoy cooperation and communication with other players to progress through the game. The story of ELDREN RING GAME is set in the Lands Between, an island continent which is being connected to the epic drama of the Elden Ring. The Lands Between is a world where war and chaos are strongly ruling. When the player becomes attached to characters that appear in the story, additional content that serves as "side story" in order to keep players interested in the game will be added. Players will be able to see the different characters they meet, and will be able to meet them again with other characters they meet later in the story. Once the Lands Between is drawn into the epic drama of the Elden Ring, the world is expected to be changed, and players will be able to travel to a different world with the Elden Ring warlords as they lead the world.
