Programming! The first program in a simplified version of the language "C++" called simplecpp 11. Our first program. Use the Turtle Simulator* contained in simplecpp 11. Run on Windows version 7.0 and above. We used version 7.0 in order to be able to get more complete information about the program. We used version 7.0 because it was the latest and was released by Microsoft instead of using version 3.1, for example. As you remember, we used version 2.1. We used version 2 because that's what we used when writing a program that ran in a "C" program.
